

# December 2016 Photo Album

December was a busy month at the Micah Project. We enjoyed sharing sweet times of fellowship with members of the Micah family--between all three of our houses. Our missionary Kelsey helped us celebrate Advent by sharing a Bible verse about Christ's birth and facilitating a fun December activity everyday. We hosted encouraging visitors and did quite a few work projects. Busy but blessed!

# Advent

During Advent, we had fun doing winter and Christmas activities everyday, hosting Christmas parties for the guys' families as well as as some elderly people from our neighborhood, and checking out Christmas lights. It was such a blessing to learn about Christ's birth and share the news with members of our community.

# Christmas

Christmas at Micah was a lot of fun! We played with sparklers, saw fireworks, enjoyed yummy food, and handed out presents to the Micah guys and neighborhood friends.

# Welcoming Visitors

We loved having a group from Mississippi as well as two families visit us at the end of the month. So encouraging!

# Work Projects

This month, we did a lot of work projects! Specifically, we sent a group to northern Honduras with Micah friend and staffer Howard to build a well for a needy community, and the Mississippi group helped us lay the foundation for a staff member's new home.
