

May Photo Album

There is always work to be done around the Micah 2.0 property.
The boys enjoy getting a little dirty
while also beautifying the landscape around them.

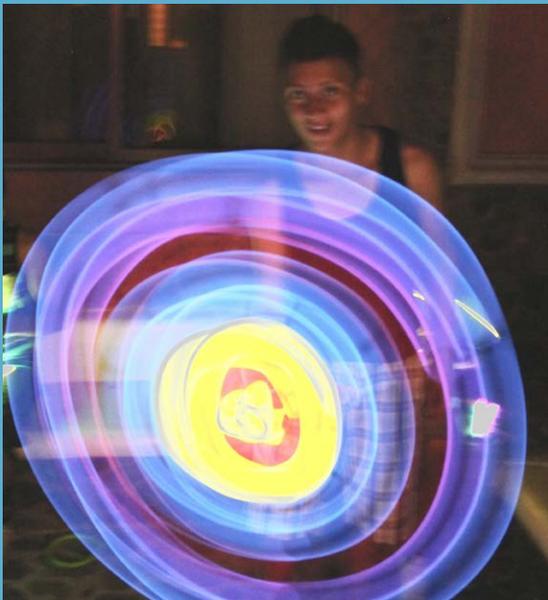

At the beginning of May, we had a joint party for many of the May birthdays at Micah. We had fun celebrating Pedro, Manuel, Junior, Danilo and sweet little Emmy!

In May we also had Michael's sister and brother-in-law come to visit, as well as Howard, our new U.S. director. We decided to take them and the boys for a day at Amapala, a small island off the southern coast.
