

May 2016 Photo Album

Each month always has its share of ups and downs. May started off horribly for us as we learned about the deaths of two former Micah boys. In the midst of grief and loss, however, God has continued to shine his light and help these boys keep moving forward. From swimming to painting to outreach to fundraising to tree planting to birthday celebrating, we give you a glimpse of our month of May!

Tragedies in the Family

To be honest, May was an emotionally hard month here at the Micah Project. We found out on May 1st that Marvincito, who lived with us at Micah from 2007-2010 had died in Mexico the day before. Then, as we were still grieving his loss, another former Micah resident, Charly, was gunned down on his motorcycle on the night of May 2nd. These tragedies remind us of how truly important a job we have here with these boys. We can rest trusting that they are now with their heavenly Father, who loves them perfectly and unconditionally.

Isaiah House Art

Once a week our art teacher Sara gives art classes to the guys living in the Isaiah House. It's a great time for them to relax and express themselves through art

Mother's Day Luncheon

Mother's Day can be difficult for many of our boys, some of whom have lost their mothers or don't have good relationships with theirs. So this year we decided to invite over the elderly women from the VLM community as our honorary mothers and grandmothers. The boys performed for them with songs, poems and encore of the Wizard of OZ.

The Gathering: Houston

On May 12th, we held a special gala in Houston as a time for people to hear about the work that God is doing through Micah here in Honduras. The event was attended by over 200 people and it was a lovely night of testimonies. A huge thank you to everyone who made this possible!
