

August 2017 Photo Album

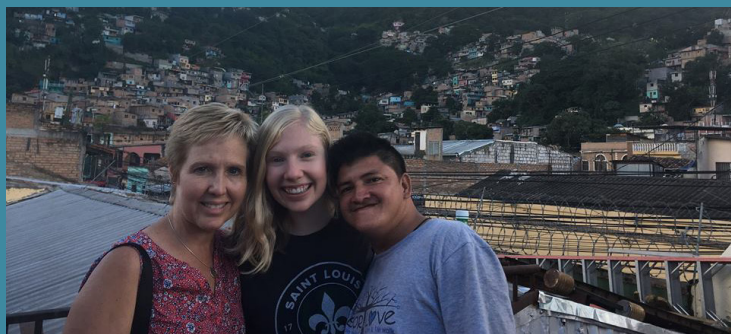

We're so thankful for the ways God blessed us throughout the month of August. We were visited by some very generous, loving friends, our boys kept having fun and learning lots in school and in their extracurricular activities, and while each day had its trials, there was still lots to thank God for and smile about.

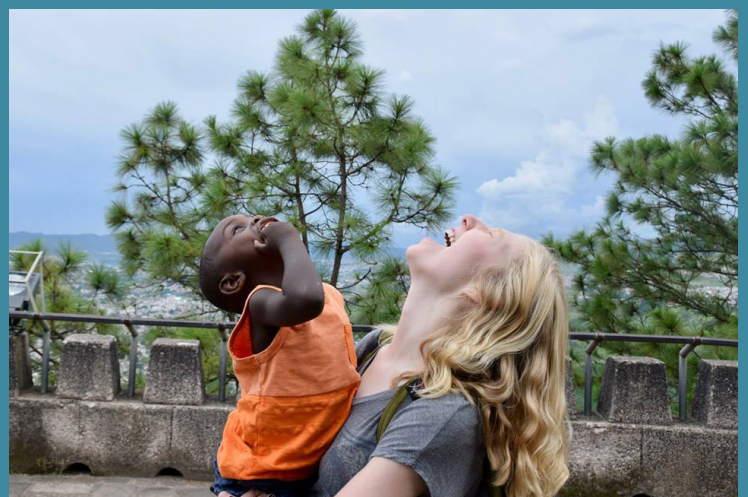

CPC Vision Trip

This month, we were visited by some dear friends from Central Presbyterian Church in St. Louis, Mo. Our friends visited to “catch the vision” of our ministry, so we had a great time showing them around and getting involved in our day-to-day activities.

School and Extracurriculars

Street Ministry

Visitors from the US bless us during our time on the streets of Tegucigalpa.

Street ministry is an integral part of our work in Tegucigalpa. Through street ministry, we form lasting relationships with people connected to and/or living on the streets of our city. Through these relationships, we pray that God would help us spread his message of forgiveness, peace and hope. Street ministry is also the first step in meeting boys and young men who we hope will leave behind their lives on the streets to become part of the Micah family and fight for a different kind of future.

Loving our Visitors

We LOVED spending time with friends, new & old, this month!! Thanks for visiting.

Life at Micah

Did you know that most mornings the Micah guys have a devotional time of Bible study? One day during August, we got kinda goofy with this time as the boys learned about Ephesians 2: You can be living dead in sin or living alive in Christ. To really drive home the point, the guys dressed up as "living dead," ZOMBIES!!

Micah Smiles
