

January 2016 Photo Album

The boys have been working hard throughout their school vacation period, which runs from the end of November to the beginning of February. They were excited to finally use the basketball court they made.

Board Retreat

Every year, Micah Project's Board of Directors gathers together for a weekend to make decisions for the upcoming year. They always enjoys this time to reconnect with the boys and staff and meet the newest members.

Beach Trip

Every January we try to take the boys on a fun trip to another part of Honduras. This year we went to the coastal town of Tela, where Jhon's family lives

Beach Trip

During vacations the Micah boys, Isaiah boys and some friends from VLM worked on a couple of projects to keep them busy and to earn a little cash: a retaining wall for an elderly lady and a basketball court for Micah. Above: Wilmer welds the basketball hoop. Below: the guys show off their hard work on the wall. Bottom right: Luisito gives Michael's truck a bath

Wiese Vision Trip

In January we were pleased to have a team of women (and Randy Mayfield) from St. Louis come to Honduras to get to know about Micah firsthand on a vision trip. They got to experience the many facets of Micah ministry - from visiting with street kids to riding horses with the Micah guys to loving on the guys in the Isaiah house and even trying their hand at making pupusas!
