

# November 2016 Photo Album

November was full of fun! We finished regular classes, started “summer school” and work projects, celebrated the graduations of some of our guys, had a spiritual retreat, hosted guests and celebrated birthdays! God is faithful. Check out the photos in this album to learn more about what we were up to last month. We hope you enjoy this little peek into life at the Micah Project.

# Street Ministry

A big part of what we do at the Micah Project is street ministry, during which we get to know individuals living on the streets; show them love, encouragement and support; plan fun events for them to attend; and invite boys and young men into the project. We're so thankful for our dedicated staff who spend time doing this aspect of ministry. We're also thankful when our guests join in.

# Street Ministry

Belen is Axelito's little sister. We pray she'll continue to seek support and be able to leave street life behind.

This month we hosted lots of fun events for our friends who still live on the streets. This work isn't always easy. It can be frustrating and tiring, but it's so worth it.

Some of the guys, including Elvin (Luisito's brother) & Maurice (long-time friend of ours), play a fun game with our missionary Kelsey.

Jose Daniel is Edward's brother and has been a friend of ours for many years.

Obed (far left) will be joining the Isaiah house soon.

# Graduation FUN

In November, we celebrated our graduates from the 6th and 9th grades as well as some Isaiah house-residents' graduation from barber school! It was a big blessing, which you can read about on our blog.

# Graduation FUN

A special aspect of graduation is the arrival of lots of guests--friends from the United States as well as friends and family members of our guys. What a blessing it is to have such a big Micah Family!

# Spiritual Retreat

Last month, we also enjoyed a retreat from everyday life to spend some time enjoying God's presence at a camp nearby. What a blessing!

# Life at Micah

November was a busy month! We celebrated the birthdays of Josue, Julio, Selvin and a few staff members. The boys also participated in "summer school" and work projects.

# Micah Smiles
