

June Photo Album

We are so blessed to have the resources and staff to provide the young men of the Micah Project with education. Here, Axel works in computer class, Wilmer helps Noe in the workshop, one of our tech instructors, Eduardo Vargas, helps Victor and Junior plan a project and Manuel enjoys reading with one of our caregivers.

Our art teacher, Sara, is such a wonderful woman, and we are so thankful for her ability to inspire creativity in the Micah boys. Julio is an especially good artist. We look forward to seeing how he uses his creativity to bring glory to the Lord!

Our technical program has become an increasingly important way for us to teach a variety of skills to the Micah boys as well as over twenty young men from surrounding neighborhoods!

Every week, a group of young men from our neighboring community, the Villa Linda Miller, come to Micah for an English class. Here, our missionary, Jessica, plays “Simon Says” with the group to teach them about prepositions.

Our friends from the Villa Linda Miller also come over often to play soccer. Sometimes these games get a little messy during the rainy season. Check out some photos of them playing with the Micah boys in the rain and mud. We all had an awesome time enjoying our favorite game...as well as God’s creation!

Meet Jeferson

Jeferson is a thirteen year old boy that just left the streets to join the Micah Project thanks to the hard work of our street minister, Stephen Kusmer, and the grace of our good God! Please pray for him fervently as he takes these first steps into new life! Leaving the addictions of street life behind can be terribly difficult, and he is dealing with significant anxiety.

Jeferson's old home

Jeferson smiles with Daniel Beel, who was visiting with a team from Houston, the day before he joined the Micah Project!

Sending off Hector Licona

Micah graduate Hector Licona left for Brazil at the beginning of June to serve with an organization in São Paulo. Hector has served as a missionary to street kids in the Honduran city of La Ceiba, and most recently he has been a night caregiver at the Micah House. He has had the dream of serving in Brazil since he was twelve years old! Please pray for him as he chases his dream and devotes himself to serving the Lord in a new place.

Welcome FPC of Houston

Our friends from First Presbyterian Church in Houston have come to support the Micah Project every June for so many years that we have lost count!!! We are always encouraged by their love and support! This year, they spent time helping build the Micah house's perimeter wall, visited the streets of Tegucigalpa with our street ministry, Stephen, and had lots of fun spending time with the Micah boys.

During the trip, we celebrated Wilmer's 21st birthday. We praise God for this young man and look forward to seeing what God will do next in his life. Check out the photos above. On the left, you'll see Wilmer years ago: a sad little boy inhaling yellow glue to mask his pain. On the right, you'll see him today: a strong man of God. What a blessing! Thanks to the group from FPC for celebrating with us.

God has really done some amazing things with the Micah family in the month of June. Here are just a few of the blessings we've received. Micah graduate, Pedro Luis, has returned from a 6 month discipleship program in Argentina (top left). The 5th annual Micah Project Golf Classic, Mulligans for Micah, raised financial & spiritual support for our work (top right). One of our summer interns, Lucy Wynn, has come to work with us during the months of June and July (bottom left), and Micah graduate, Pedro, and his wife had their first child, a son named Dylan. Of course, all glory goes to God. We praise him for the daily miracles he gives us!
