

August Photo Album

We are often encouraging the boys to burn off their extra teenage energy by getting some exercise and enjoying the outdoors.

And what better way than spending hours on their bikes!

We are thankful to our interns who spent July making a dirt path loop around the property for the boys to ride and ride.

Even Nico loves riding a "Bici"

Isaiah House Inauguration

On August 9th 2015, we all gathered at the former Micah house to inaugurate it as the Isaiah House, a new residential program for older street youth. This new phase of ministry has been a long time in the planning and preparation phases, so it was such a joy to see it finally put into action!

Missionary Stephen Kusmer (center) smiles with the first four residents of the Isaiah house: Selvin, Daniel, Yovani and Abraham. Stephen and the rest of the Isaiah house staff have worked so hard to see these guys leave the streets behind and pursue a better future.

Visits from Friends

CPC Vision Trip

Randy Mayfield brought a group from Central Presbyterian Church in St. Louis on a short trip to get to know all of the different aspects of Micah life, from riding in the "busito" to street ministry to just loving on our boys!

CPC Vision Trip

We always like to take our groups to the streets so they can meet the boys and girls living down there and also so they can see where the...

...Micah boys have come from and begin to understand how each one of them is truly a miracle from the hand of God.

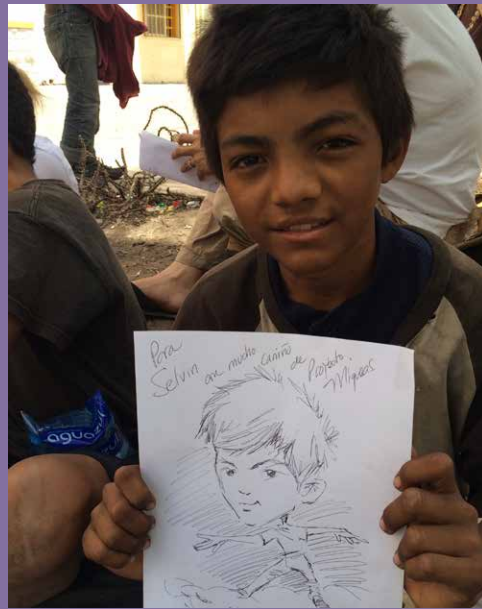

Art and Ministry

While the group from CPC was here, we also had the privilege of hosting an artist from Mexico named Mauricio Palacios.

On one of the nights, Mauricio painted while we worshipped, Victor shared his testimony and Miguel, Axel, Jhon and Wilmer shared some of their music.

Mauricio takes his talent to the streets, drawing caricatures for Jose Luis, Selvin and Joel

In August the Micah staff took an all-day staff retreat to refocus and set new goals for the upcoming months of ministry.

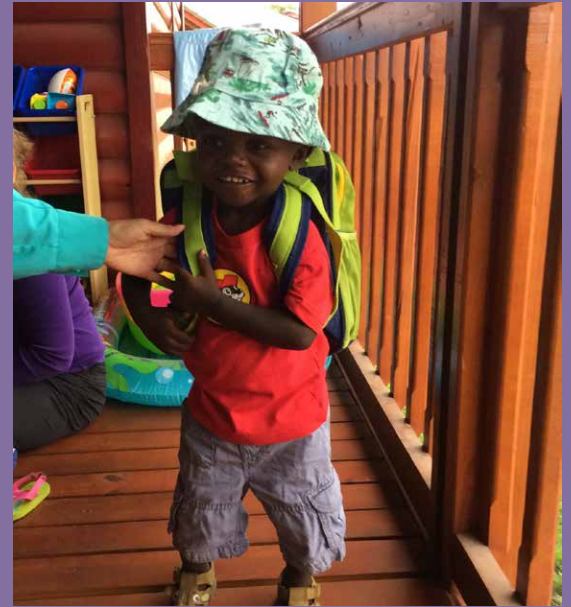

Micah Babies

Nico and Emmy Bell are the cutest!
