

# The Micah Project

December

Album

## Una Canción de Navidad “A Christmas Carol”

Our newest staff member, Kelsey Cratty, has already begun to instill her love of theatre into the boys. Kelsey and many of the boys have enjoyed countless hours of acting, filming, and editing our Micah version of the Christmas classic!

Roger Figueroa, a staff member who lives in Villa Linda Miller, plays Scrooge and plays him hilariously. Feel free to check out the video here by following the link.

## Second Annual Christmas Soccer Tournament

We have begun our second annual Christmas soccer tournament here at Micah 2.0! We have invited teams from all of the surrounding communities to participate with us for the next few weeks. There is a lot of excitement surrounding the tournament, and everybody takes it VERY seriously!

# Micah Christmas

There is definitely no part of a traditional Honduran Christmas that could be classified as a "silent night". Christmas gets going about 10 pm on the 24th and pretty much goes all night!

Our Christmas was filled with hugs from Santa, an awesome Christmas message from Michael before opening presents, and lots and lots and lots of fireworks.

# We Love Megan!

This was Megan Scheumann's last week in Honduras after serving with the Micah Project for over four years. She has had a huge impact on our guys' lives and has been a blessing to all of us here! She is kind, gracious, loving and servant-hearted; we have all been strengthened and encouraged by the constancy of her quiet yet determined faith.

We will miss her tremendously, but we are also excited by how the Lord will guide her steps in the years to come.

# Mission trip to the Mountains

On Saturday, Israel and Roger took the boys and some friends from their church to a small village in the mountains of Honduras called Guajiquiro. This village is populated mostly by very poor Lenca people... one of the native Honduran tribes. The boys spent the day passing out food and clothing that had been donated, and praying with these Lenca families. It was a good opportunity for them to be involved in serving and blessing others, especially after receiving so much for Christmas thanks to many of you!

# Forge Mission Team: Tennessee

We were so blessed to have the Forge Ministries team back for the third year in a row. This time, they officiated soccer games, prayed over the boys, and built a retaining wall for an elderly couple in the Villa Linda Miller community. (They also apparently gave Wilmer rides on bikes). It was awesome to see how willing they all were to run around putting huge smiles on the faces of the boys. It was great to have them back!
